Navigating Teen Depression — First of Young Minds MATTER Lecture Series to Take Place October 17th

Navigating Teen Depression, the first of the 4-part Young Minds MATTER lecture series, will take place on Wednesday, October 17th from 6:30-8:30pm at the YMCA of Boulder Valley (2800 Dagny Way, Lafayette, CO). The evening, presented through a partnership with HOPE Coalition of Boulder County and Colie’s Closet, will feature a discussion with teen leaders from Boulder Valley School District high schools about depression and suicide. It is also a chance for young people and adults to have an honest, open conversation about the warning signs of suicide and for families to receive important resources and information.

This discussion is free and open to the public, but space is limited so pre-registration is required by emailing criley@mhpcolorado.org.

Ryder’s Fund from YMCA of Boulder Valley has provided generous support for the Young Minds MATTER Lecture Series, which was created through a partnership by Mental Health Partners, Hope Coalition and Parent Engagement Network. The 4-part community lecture series focuses on teens and emerging adults’ mental health, and how parents, educators, peers and community members can provide support and guidance in midst of a changing and complicated modern world.

The next lecture, How Concussions in Youth Sports Can Lead to Mental Health Challenges, will be on Thursday, November 1st also at the Boulder YMCA. Dawn Comstock, PhD, professor of epidemiology at the Colorado School of Public Health, will present information on how traumatic brain injuries is linked to depression and anxiety among young people.

The Young Minds Matter series will pick up again in January 2019 with two more lectures. For more information, please visit mhpcolorado.org/community/lecture-series.

Colorado Consistently Ranks in the Top 10 States for High Suicide Rates:

- 30% of high school students report depressive symptoms
- 17% of high school students report suicide ideation
- 7% of high school students report at least one suicide attempt in the past year

We are here to help. If you, or someone you know, is in crisis, visit our 24-Hour Walk-In Center and Crisis & Addiction Services at 3180 Airport Road, Boulder or call 1 (844) 493-TALK.

Founders Legacy Salutes Major Donors, Introduces 4098 Campaign

The Founder’s Legacy program honors people who have included Mental Health Partners in their estate plans, whether through specific bequests in wills, trusts that are currently paying an income, and or gifts of life insurance or IRA assets. At their annual luncheon last month, Founders Legacy members learned about the importance of MHP’s “Be 1 of 4098” suicide prevention education initiative from speakers whose own lives have been touched by suicide, including one whose lost a loved one to suicide and another whose live was saved from suicide by a timely intervention. Thank you to everyone who attended the luncheon and contributes to MHP’s mission. If you are interested in joining our Founders Legacy, please email philanthropy@mhpcolorado.org.
Yes! I want to contribute to Mental Health Partners!

- Use this contribution for the suicide prevention education campaign.
- Use this contribution where most needed.
- Other ____________________________
- Send me information on bequests and deferred gifts for MHP

Enclosed is my tax-deductible charitable contribution of: $ _____________________
(Make checks payable to MHP)

I would like to use my credit card to make this gift:  □ VISA  □ MC  □ AMEX

Mental Health Partners is proud to engage, participate and join the larger community advocating for comprehensive mental health and addiction recovery care in our neighborhoods, region and across the nation. Here are some highlights from the past month of how MHP has engaged with our (your) community.

Fievel Meets Benefactors

Fievel, MHP’s facility dog, and his handler Janine D’Anniballe recently met with some of the benefactors who provided the funds so he could join the MHP’s Moving Beyond Trauma team. During the visit, he demonstrated some of the commands he used in his work with clients, such as getting them Kleenex, and enjoyed many neck and belly rubs! The contributions for Fievel, as well as funds to support MHP’s suicide prevention education initiative, were made in memory of Bridget Winsor by family and friends.

MHP Hosts Broomfield Chamber of Commerce After-Hours Mixer

As a proud member of the Broomfield Chamber of Commerce, Mental Health Partners was happy to host its September After-Hours Mixer at our Broomfield clinic. The Mixer, which about 50 people attended, included food and beverages, a short presentation by Broomfield Chamber of Commerce President and CEO Sam Taylor and MHP Interim CEO Hans Wiik, and a chance to “speed network.” Thanks to Broomfield Chamber of Commerce for providing this opportunity to highlight information about MHP’s services and programs with its members.
