What Is the Corona Virus?

EXPLAINED FOR KIDS
The Coronavirus can make people feel unwell.
People may sneeze and they may have a fever
Some may have to stay home and some may have to go to the hospital.
There's ways to prevent getting sick

Wash your hands for at least 20 seconds by singing your A-B-C's twice
Wear a mask when you are not at home
Cover up your coughs and sneezes with a tissue or elbow
